EARL RUSSELL TRIAL

NEW YORK, July 2.—Commenting upon the preparations for the trial of Earl Russell, on the charge of bigamy, the London correspondent of the Tribune says:

The prosecuting authorities not expecting a serious delay in disposing of the case. They have need of haste for they cannot keep their most important witnesses long in England. Judge Cutler has a voluntary witness who cannot remain after the middle of August, but must return to Nevada whether or not it suits the convenience of the crown. It is probable that there will not be any negligence on the part of the prosecution in establishing the identity of the accused Earl. The royal gallery in which Lord Russell will be tried is one of the finest rooms in the precincts of the House of Lords. It was occupied by a large number of privileged spectators on the occasion of the late opening of parliament.

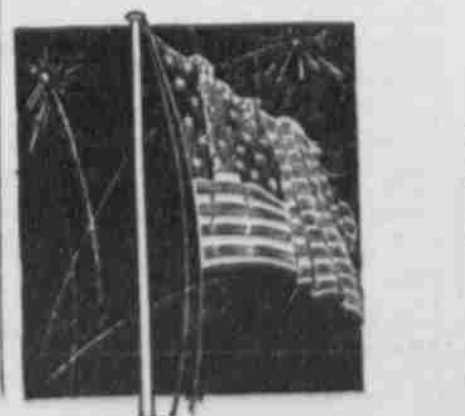

He Has Saved My Life

State of Oregon }
County of Marion } ss Salem, Ore, May 1, 1900
To whom these presents shall come directing.
This is to certify that I have been afflicted with Ovarian Tumors for a number of years, also liver trouble. I desire to publicly state upon oath that Dr. J. F. Cook, of Salem, Oregon, has removed said tumors, two in number, without the use of knife, plaster or medicine, and that I am entirely, and as I believe permanently cured. I cheerfully recommend Dr. Cook to all persons afflicted as I was. I feel that he has saved my life. My home is three miles south of Turner, Oregon.
MRS. CAROLINE ROTZOLL.
Subscribed and sworn to before me this first day of May, 1901.
W. W. HALL, County Clerk.

Do Not Listen to "Cappers"

Who are hired to defame me and my methods of treatment. If I could not cure people there would be no use to fight me. It is because I do cure people that I am persistently misrepresented, but I keep on curing folks just the same, and some of the best people in Oregon stand by me, for which I am thankful. Send for Circulars containing testimonials from patients cured both in Oregon and in the East. Don't despair because you have been told you have been told you could not be cured. Dr. Cook has cured hundreds of people whose cases have been pronounced hopeless by the "old school" physicians.
The doctor has devoted the best years of his life to the study of disease, and the use and action of Nature's vegetable remedies, until he knows absolutely just what he can do. He gives him confidence.

FRANTIC GREEK SHOOT

CHICAGO, July 2.—While attempting to recover an umbrella and purse belonging to a young woman who was a stranger to him, William Harris was shot and fatally wounded last night by Michael Varlos, a Greek. As his victim fell to the floor Varlos dropped his revolver and fled, pursued by a number of men who had seen the shooting. He has not been captured.

The affray occurred in an ice cream parlor in which Varlos is a waiter. Half an hour before the shooting Varlos had quarreled with a woman and friend who had entered the place. A fight followed between the men during which Varlos was struck over the head with an umbrella by the woman. She then ran out the door, leaving the umbrella and her purse behind.

Just outside the door she met Harris who inquired the cause of her excitement. She told him and he offered to return and secure the umbrella and purse.

Entering the store he demanded the return of the woman's property. Varlos told him to step to the rear of the store and he would hand him the articles. The Greek then walked behind a counter and drawing a revolver from a drawer, deliberately fired it three times at Harris. Two bullets entered the breast and one the abdomen. Harris is a machinist from Pittsburg.

ENGLISH IMPERIAL LIBERALS

LONDON, July 2.—Herbert H. Asquith, ex-Liberal Home Secretary, has consented after considerable hesitation to attend the banquet tendered him by the Imperial Liberals. In a letter accepting the honor he promises to deliver a speech at dinner, setting forth the claims and duties of the Liberal party and his view that "there is an alternative to the existing government."

ROMAN CATHOLIC JUBILEE

St. Paul, Minn., July 2.—This was a red letter day for the Roman Catholics of this city and the Northwest generally. It marks the fiftieth anniversary of the establishment of the Catholic church in this section of the country. It was just a half century ago that Bishop Crein, armed with a commission from the pope, landed in St. Paul and proceeded to take charge of the diocese, which then included a territory that reached from the St. Croix and the St. Louis on the east to the Mississippi on the west, and from Iowa to the British possessions on the north.

INCENSE FOR THE KING

NEW YORK, July 2.—There is much talk among the ultra-Protestants in England about the use of incense in the coronation service next year, says the Tribune's London correspondent. This detail can not be settled so long in advance, yet it is assumed by the clergy, both high and low that the ritual of coronation at Westminster Abbey will be accompanied by a cloud of incense. The King is commonly supposed to have yielded to the Queen's wishes in this respect but there is no authority for the statement. The use of incense would be a strange sequel to the recent decisions of the Archbishop of Canterbury on the controversial questions of the Anglican Church.

TEACHING AFRICAN NATIVES

LONDON, July 2.—"Mail advices from Roma," says the Antwerp correspondent of the Daily Express, "brings the news of the trial there of two Belgian officers accused of demanding, while in a state of intoxication, that the chief of a Congo village should compel all the women of the place to dance for their amusement and when he refused, killing him with their revolvers and then massacring the women."

WEST POINTER KILLED

WESTERN PRIZE FIGHTS

GRAND FORKS, B. C., July 2.—Charlie Goff of Spokane knocked out Bob Dodge in the second round of what was to have been a 20 round go tonight. The miner was aggressor from the start. Goff used a right uppercut with effect. Kid Lee won the preliminary from Dick Lewis on a foul.

At Huntington, W. Va., the Adelphi Hotel is burning in thickly populated part of the city. Because of water famine destruction of entire town is threatened.

READING RAILWAY STRIKE

Road Refuses to Recognize the Union Organizations.

But Proposes to Create a Joint Committee to Arbitrate Differences.

PHILADELPHIA, July 2.—President George F. Baer of the Philadelphia & Reading Railway Company has given out the following signed statement: "The Reading Railway strike has been settled upon the following basis: 'The men return to work at once just as they were before they went out.' 'The men to be restored to the Philadelphia & Reading Relief Association with like effect as though they had not left the employ of the company.' 'The labor union not to be recognized.' 'We will employ any one we please and no distinction will be made between union and nonunion men.' 'After the men have returned to work a committee of the shops, representing all the workmen, can be appointed by our employees. We will appoint a committee composed of superintendents and foremen of the shops to meet the workmen's committee and the whole subject of wages to be considered by this joint committee with power to agree upon a new scale of wages which shall be fair and just both to the men and the company. These committees are to begin work as quickly as they are elected. In case after a remarkable effort the joint committee cannot agree, I will personally meet with the joint committee and endeavor to adjust the differences. It is understood that if any new scale is agreed upon it shall, whenever adopted, it shall be effective July 1, 1901. Transportation will be given to the committee to visit any of the shops with a view of ascertaining the scale of wages in force in such shops.'"

CAPTAIN CARTER CASE

WASHINGTON, July 2.—The record of Benjamin D. Greer, John D. William, T. and Edward H. Gaynor, charged with entering into a combination with Captain Oberlin M. Carter to defraud the government, was filed in the office of the United States supreme court today. The case comes to this court from the circuit court of the southern district of New York.

SUGAR INTERESTS CLASHING

NEW YORK, July 2.—The Journal of Commerce says: While manufacturing interests are strongly endeavoring to have the countervailing duty on Russian sugar removed, it may be stated as a fact that the sugar interests, both growers and refiners are working in harmony to have the duties retained. The Treasury Department, the sugar people contend, is merely carrying out the spirit and intention of the Dingley act. If an exception be made in favor of Russia, it will be asserted, be a very short period before other sugar producing countries adopt Russia's system of paying counties. One of the largest beet and cane sugar interests in the country said recently:

GENERAL GROSVENOR HEDGING

KANSAS CITY, July 2.—General Grosvenor of Ohio, speaking of his utterance regarding a third term, intimated to him, said: "It was misrepresented. The interview published was a distortion of a mere statement of historical facts regarding Washington's reasons for not accepting a third term. In my judgment no man will ever be elected to a third term."

CHESTER THOMAS INFANT

The filing has been made in the county court in the matter of the adoption of Chester Thomas, an infant on the consent of the mother and the petitioner, John Cox and Mary Susan Cox, his wife. They present that since Nov. 11 1893, that Calvin Thomas, father of Chester Thomas, 12 years of age, has wilfully abandoned his family and his whereabouts are unknown and that his mother is again married, her name is now known as Fannie Finley a resident of Polk Co. and she consents to the adoption of her son by the petitioner, with whom he has resided for 5 years. They also ask that his name be changed to Chester T. Cox.

Reports from Kurdistan, say the Turkish Kurds are plundering villages and have killed 14 Americans.

BUTTE MONTANA FIRE

BUTTE, MONT., July 2.—Two dead, two severely if not fatally injured and a score or more, more or less hurt, is the result of a fire which broke out at the Pullman Lodging House, 144 West Mercury Street at 2 o'clock this morning. The dead: Sam Mix, waiter, Missoula, Mont. Ole Berg, carpenter, Butte. Severely injured: Billy Ryan, better known as "Australian Ryan," a pugilist well known throughout the Northwest, jumped from third story window, seriously injured about head and limbs. Camp, jumped from third story window, internally injured and cut about head.

Miss Crystal, proprietress of lodging house, burned about body and injured from inhaling smoke. A number of men were experimenting with a gasoline lamp in a saloon on the lower floor of the lodging house when the lamp exploded scattering flames in all directions. The building was wooden and before the fire department arrived the flames had eaten through the lower floor and were spreading to the upper stories. The lodging house contained about 100 guests, none of whom were able to save anything except what they wore. Most of them escaped by jumping from the first and third story windows and it is miraculous that more were not killed. A number were carried out unconscious by the firemen but so far as known all will recover. It is not believed that any excepting the two mentioned perished. The property loss is about \$4000 with no insurance.
